PREFACE AND ACKNOWLEDGEMENTS

This study was originally submitted as a doctoral dissertation to the University of Auckland, New Zealand in 1986. In preparing the manuscript for this book only minor alterations have been made incorporating some of the literature that appeared on the subject at a subsequent date.

I wish to express my gratitude to the following for their valued assistance:

My supervisor Mr R.Cowlin for his encouragement and many valuable suggestions and for the use of his extensive library.

Mr P. Gilderdale for the line drawings in Plates 6 - 13.

Dr Y.Harpur who willingly gave of her time to assist me in Oxford and to send me copies of articles and hand drawn copies of tomb scenes.

Professor N.Kanawati who suggested the topic and gave me much helpful advice on the methodology to be used.

Dr J.Malek and the staff of the Griffith Institute for providing access to unpublished material in the Archives and permitting the use of the tomb plans from Porter and Moss.

Dr A.Spaling for his helpful suggestions and the numerous articles and books he made available to me and also for his permission to use the photograph - Plate 5B.

I also wish to thank the Committee of the Egypt Exploration Society for permitting me to use the illustrations Plates 1A - 5A from their publications.

My deepest gratitude goes to my family for their patience and encouragement over the years and especially to my husband John without whose understanding and help with the preparation of the manuscript my thesis and this book would never have been completed.

Sheila Whale
